Passionate about

learning and experimenting with the latest technology like Nodejs, Containerization, Scaling, TDD, SPA, PWA, etc.

EXPERIENCE

 # Gain Solutions, H#1182, Avenue #11, Mirpur DOHS.

- Full-stack Developer

February 2, 2019 - PRESENT

Creating Core Architecture for multi tenant Web App, and preparing it as a boilerplate of large scale projects. Working on a Friendly team I'm gaining the best practices and sharing my knowledge through feedback..

Projects:

➔ **Gain Email Marketing** (It's a multi tenant application including features like managing sending email to a large range of subscriber base. It's also includes custom form builder, Template builder and Reporting)

 # Smart Software Ltd, 152/2, Panthapath, Dhaka

- Back-end Developer

November 2018 - January 29, 2019

Refactored and Managed Web Apps, ERPs extending new features using the most popular MVC web framework. Gathered skills and explored my abilities by making a friendly environment.

Projects:

➔ **Hospital ERP** (Includes Outdoor Management, Admission and Indoor Management, Medical Investigation System, Lab Management, Prescription, Pharmacy Management, Procurement, Accounting, Commission Management, HRM, CRM, Task Scheduling, MIS Report, Access Control System and more.)

➔ **Retail** (it's an inventory management application including Purchase, Quotation, Sales, Product Return, Accounting, Reports, etc.)

➔ Initially worked in a Political Figure, Garments and a Clipping Path portfolio website. See my portfolio here *https://auniik.github.io*
